

Eagle's Watch Foundation

SKILLBRIDGE Brochure for

Potential Candidates wanting to be participants as a Candidate
with Eagle's Watch Foundation

About: Eagle's Watch Foundation the first and only Nonprofit started in the Pentagon. We provide morale and charitable support to those who defend freedom as well as humanitarian support.

Staff: All Staff are volunteers. Most have been in Active Duty Military, others have worked with the Military in their profession.

Your Role: As an EWF SKILLBRIDGE Candidate, you will learn by doing – helping Veterans and Active duty through our initiatives. This will involve reaching out to potential service or vendor providers for support, providing administrative support to Staff, learning how to create a Nonprofit, developing and building your network on social media with the goal of assisting Veterans, Active Duty, Military and Public Safety organizations. Participating in training by individual Staff Members on various aspects to make you more equipped for service to others and in the private sector.
