

Prism Consulting

SKILLBRIDGE Brochure for

Potential Candidates wanting to be participants as a Candidate with Prism Consulting

About: Prism Consulting specializes providing public relations and technical consulting for clients in the Government, Commercial and Private industry. Over the past 20 years our experience includes work on defense related projects, technical security support, for emergency high profile projects for federal, military, commercial, and private customers. Service to our customers and long term relationship development is our focus. We have been involved in training for military and commercial clients. Prism Consulting prides itself in diversity realizing that it is our clients mission that matters most.

Staff: Most have been in Active Duty Military, others have worked with the Military in their profession.

Your Role: As a Prism Consulting SKILLBRIDGE Candidate, you will learn by doing – helping with the Prism Mission with various duties such as providing administrative support to Staff, learning how to create an LLC, developing and building your network on social media with the goal of consideration of building your own LLC, reaching out to Veterans, Active Duty, Military and Public Safety organizations to provide information about Prism Consulting.. Participating in training by individual Staff Members on various aspects to make you more equipped for work in the private sector.
